# Alexandria Gazette ALEXANDRIA GAZETTE FOR 1880

FRIDAY EVENING, MARCH 19.

ELECTRICITY AS A MOTIVE POWER.-The Berlin Volks Zeitung announces the probable intorduction of electricity as a motive power in the German Capital. Only one difficulty is said to stand between the promoters and successthat of completely insulating the axles of the carriages, which must be entirely free from communication with any metallic body. The new machine will, it is said, be much cheaper than horse or steam power.

The firm which has acquired the ownership of the invention is in treaty with the municipality of Berlin to take over the omnibus traffic of the city, and it is said that that body is al most convinced by the demonstration offered to it. It is further proposed to construct a network of mid-air railways on the same system. In this case the rails would run above the foot wass, being supported on one side by the lamp posts, and on the other by iron pillars close to the walls of the houses. By a contrivance cousisting of books projecting from the bottom of the wagons, and so disposed as to catch the rails should a lateral job occur, the danger of oversetting is provided against. The working of the new machines is said to be almost noiseless. In the case of the mid air railways it is proposed to run at a time only one carriage which will be is a self-engine and wagon with separate compartments for ladies and gentlemen. If the one difficulty" does not prove an insuperable obstacle the Prussians will be able to say that for over their boasted intellectual superiority has produced semething more valuable than improvements in the art of slaughtering their feilow creatures.

The Alexandria Gazette, begun in 1799, is the oldest newspaper in Virginia, and it has survived. with few exceptions, all the public presses in America which saw with it the dawn of the nineteenth century. It lives, too, not in decay or decrepit, but full of life and youthful vigor giving all the news, telling the truth without fear, favor or affection, trenching on the privacy of no man's home, but full to the brim with all public information, and giving daily honest judgments of public men and public measures

It furnishes the news telegrams of the New York Associated Press and of Reuter's European agency, being, with but two exceptions, the only paper between Baltimore and Richmond that is thus connected with the great fountains of the world's news.

With the coming year all the long tried and improved methods of making a standard news paper will be continued, with such additional facilities as past experience justifies the proprietor in believing will add to the capacity of the Gazette to serve its readers. It expects to render faithful service to the city, the state and the country by a candid criticism of men and events in the interest of the people of the Common wealth

The year 1880 will be a period of critical interest in both the Union and the Common wealth. The election of the eighteenth President of the United States will take place, with all the combinations precedent, and counts; consequences and settlements subsequent, will call for record in the coming volutee. The developments of the financial situation, which may portend affluence and comfort or poverty and privation to thousands, are now in progress, and the columns of the Gazette will note each step as well as chronicle the result. A new and striking foreign pelicy is among likely events, and the absorbing interest of it cannot be overestimated. In Virginis there is political chaos and industrial and commercial depression. The way out of this quagnire will fill many of those paragraphs with information of rare interest.

To meet all the demands upon it in an exceptional year, the Gazette will be made a WASH-INGTON and RICHMOND NEWSPAPER, as well as an ALKXANDRIA JOURNAL. The Richmond and Washington news of the past year has left little to improve, but yet greater effort will be made to insure absolute perfection in these departments.

The city of Alexandria will find as usual its daily history in each evening's issue, and the intelligence of that section of the Common wealth which nature has bound to Alexandria by the curvature of its mountains or the courses of its rivers as well as that portion linked to us by the iron bands of railways, will be assiduously chroniclod.

The Business and Commercial columns of the Gazette will be filled with the earliest and most exact commercial news, edited with such painstaking care as will render an error, where even slight errors are dangerous, impossible.

The Cattle Markets of all the leading points of the world whose rates affect this market will be quoted, and regular statements of the Baltimore, Georgetown, Washington and Alexandria sales of cattle will appear.

The Flour, Grain and Produce movements will be noted daily, and the sales of the Alexandria and neighboring markets given with accuracy and dispatch. The Grocery and other markets will receive constant attention, and the money or stock markets of the country epitomized for its columns, full details being given to all stocks, &c., which find investors in this section of the country.

The advertising columns of the Gazette offer inducements which experience has shown to afford greater returns for a small investment than any other which can be made.

TERMS OF SUBSCRIPTION.

The beginning of the New Year, which in this case marks the advent of another decade of the world's progress, is deemed a fit time for new features, so that from this date the Gazette for the country (tri-weekly) will be supplied at FOUR DOLLARS per annum, in advance.

THE NEW RATES. Alexandria Daily Gazette ........... \$6 per annum Alexandria Tri-Weekly Gazette ... 4 Always cash in advance.
